

## EXTRA SUPPORT, ORDINARY CAMP LIFE!

### Leirikesä's Overnight Camps for All Children

At our camps, every child can join all activities with their individual skills and strengths taken into account.

#### **Supported Small Group (K)**

The supported small group is intended for children who need adult assistance with daily activities (e.g., using the bathroom, eating, dressing) or with communication. A night instructor sleeps in the same tent with the children.

#### **Shared Assistant (A)**

A camp assistant provides support in situations where a child needs more help than usual from an adult. This may include, for example, social situations, guidance in daily activities, developmental delays, or challenging behaviour.

#### **Contact with Families**

Our staff will contact the child's family before the camp to ensure that any specific needs can be taken into account in the best possible way.

#### **Questions? Get in touch!**

Tel. (09) 8865 1280 (Mon–Thu 13:00–16:00)
