

SOCIAL HOLIDAYS

Social holidays – One Reason Is Enough!

A social holiday camp means that a child can attend an overnight camp at a reduced price. The discount is made possible through funding from STEA. Families can apply for the discount based on social, financial or health-related reasons – one reason is enough. The support is intended for families in a wide range of life situations.

Reasons may relate either to the child (e.g. chronic illness, bullying, loneliness, internet or gaming addiction) or to the family's overall situation (e.g. single parenthood, immigrant background, unemployment, parental separation, challenges with coping or multicultural background).

Camp Fee at Half Price

A five-day camp costs approximately 170 € with support (standard price without support: 360 €)

The camp fee includes:

- full board (meals)
- accommodation
- support from instructors
- accident insurance
- camp activities and programme
